Consultant – Innovation Hub

About Taru Leading Edge

Taru Leading Edge ("Taru") is a development advisory and think tank with trans-disciplinary expertise endeavouring to engage with development sector challenges by offering a commitment to cutting edge solutions and insights. Incorporated as a private limited company, Taru's mission is to 'bridge the Science-Institutions-Society interface with a core agenda of providing transformative solutions to the development challenges. Established in 1996 by eminent development professionals, it caters to a diverse range of bilateral and multi-lateral agencies, government departments, corporates and other development organizations through research, technology, solution innovations and implementation support.

For more than two decades, Taru has been working on a range of institutional, financial, economic, social and technical issues across diverse public systems, cultures and corporate formations in more than a third of rural and urban domains of India. Taru also works in South Asian and South-east Asian countries like Afghanistan, Indonesia Nepal, Bhutan, Bangladesh and Myanmar. The organization is committed to quality, accuracy and succinctness in its consulting and advisory services. Taru team of professionals have extensive national and international experience, along with a strong network of advisors, consultants, partner institutions, associations from different parts of the world. Taru provides services in development sectoral areas such as Climate Change, Disaster, Urban, Water, Sanitation, CSR, Social Business, Health & Nutrition, Education, Gender, Livelihoods, Social Inclusion, Public policy, Infrastructure Planning, etc.

As part of the continued growth and innovation, Taru Leading Edge is looking to hire a talented, motivated and driven individual to join our innovation hub as "**Consultant**". Taru now embarks on a new journey expanding its reach, capacity and business while retaining its core agenda of providing transformative solutions to development challenges.
